Deby Jones  
2nd Language Success  
(Spanish In-A-Pinch®)  
P.O. Box 774  
Sandy, UT 84091  
877-265-8575 Office  
djones@2ndlanguagesuccess.com

Deby Jones is the founder of 2nd Language Success (Spanish In-A-Pinch® and Inglés En-Un-Rato (English In-A-Pinch®)) products and services (workshops). This women-owned corporation has created over 300 profession-specific “cheat sheets”, called “Transaction Cards” in over 25 different industries.

Deby Jones has earned academic degrees in Spanish and Organizational Communication. Deby’s 20 years experience in Risk Management (specializing in safety and workers compensation) along with Human Resources (benefit coordination), makes her the industry’s choice in presenters. These products and curriculum are being used by national Universities such as Rutgers University, Texas Women’s University, Brigham Young University, and are nationally sponsored by Simpson Strong-Tie and Boise Engineered Wood. Deby’s an enthusiastic, nationally renowned and passionate language instructor (facilitator). Her patented Visualphonic® Language Approach and practical Cheat Sheets are, phonetically friendly, edgy and most of all FUN! Many professional associations and private companies seek Deby’s advice and services to help their professionals work more cost effectively and efficiently by enhancing their service capabilities.

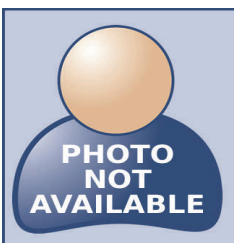

Shirley Muns

Shirley Muns is an energy consultant and also works as a Codes Specialist at the Energy System Laboratory, Texas A&M University System. Shirley currently serves the International Code Council as a member of the IECC Code Development Committee and as a contractor instructor providing Energy code training along with fundamental Building and Residential code and inspection training. In addition, Shirley is serving as a voting member on three ASHRAE committees; which are the 90.2 Low rise residential standard, the Code Interaction Subcommittee, and TC 4.5, the Building Materials Technical Committee.

Recently she was the Codes and Regulations Manager at U.S. Greenfiber in Charlotte, NC. There she was responsible for developing a codes and regulations strategy working with trade groups, industry and governmental agencies to structure and improve codes and regulations for the cellulose industry. Shirley is a Certified Building Official and since 1981 has held a variety of jobs in the building industry including Residential Inspector and Plan Reviewer, Commercial High-Rise Building Inspector, and Chief Building Official. She has worked with the Green Building Program at Austin Energy and at Austin Community College as an Adjunct Professor.

Past honors include the President’s Award for her exceptional ability and dedication to training from the Greater Austin Home Builders Association, in 2003; the Industry award from the Building Officials in Texas, in 2005; and the Affiliate of the Year award given for her commitment to the development of codes and standards in the interest of public safety from the ICC in 2006.

Gerald Neville, P.E.

Gerald Neville, P.E., is currently a code consultant and an instructor for numerous training programs on the International Building Code. Formerly a Senior Staff Engineer, Architectural and Engineering Services, for ICC, with responsibility for development and instruction in numerous educational training programs related to structural engineering, field technology and inspection practice of building materials. His duties also included the development and maintenance of ICC’s Special Inspector certification examination and served as a staff liaison to several committees involved in the development of the special inspector certification examinations. Mr. Neville received his bachelor’s and master’s degrees in civil engineering from the University of Wisconsin and has more than 30 years of experience in the area of code development and the application of structural provisions and in the development of related national standards. Prior to joining ICBO/ICC he represented the concrete industry in the development of model codes and national regulatory documents related to concrete.

## International Code Council (ICC)

Kevin Scott  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
kscott@iccsafe.org

Kevin Scott is the Western Regional Manager for Fire Services with the International Code Council. He comes from a 30 year career with the Kern County Fire Department, CA. Kevin worked up through the ranks in his career and served the Fire Department in several different capacities, retiring at the position of Deputy Chief.

Mr. Scott has been heavily involved in the development of the building, fire and life safety codes since 1988. He served as Chairman of the Southern California Fire Code Committee and later he served on the Board of Directors for the Southern California Fire Prevention Officers Association under the California Fire Chiefs Association. He spent four years as a member of the Uniform Fire Code Development Committee. He then served on the International Fire Code Development Committee from 1998 until 2004 when he was elected to the Board of Directors for the International Code Council.

Mr. Scott has been a long time instructor for the California State Fire Marshal's Office, the International Conference of Building Officials, the International Fire Code Institute and the International Code Council.

Mr. Scott is a member of the International Association of Fire Chiefs, National Fire Protection Association, the International Fire Marshal's Association and the Society of Fire Protection Engineers.

Scott Stookey  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
sstookey@iccsafe.org

Scott Stookey is an ICC Senior Technical Staff member with Product Development where he is responsible for the preparation of text and workbooks addressing fire protection, life safety and hazardous material provisions in the I-codes.

Scott is a graduate of the Fire Protection and Safety Engineering Technology program at Oklahoma State University and was a fire protection engineer with the Austin (TX) and Phoenix (AZ) Fire Departments. He has an extensive background in hazardous materials, high pile storage, manufacturing processes and emergency response. He has published over 10 articles in journals and books. Scott instructs IBC fire-related and IFC seminars for ICC.

Doug Thornburg  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
dthornburg@iccsafe.org

Douglas W. Thornburg, AIA, CBO, is currently Director of Product Development for ICC. In this role, he provides leadership in technical development and positioning of support products for ICC. In addition, Doug develops and reviews technical products, reference books and resource materials relating to the I-Codes and their supporting documents. Other functions include serving as a technical expert on jointly developed products with other associations, acting as a technical liaison with outside authors/contractors, and providing oversight of quality control and technical peer review panels for ICC products. He also instructs seminars nationally on the International Building Code.

Formerly Vice-President of Education for the International Conference of Building Officials (ICBO), Doug was presented with ICBO's prestigious A.J. (Jack) Lund Award in 1996. A graduate of Kansas State University and a registered architect, Doug has over 25 years of experience in building code training and administration, including ten years with ICBO, and five years with the City of Wichita, Kansas. He is certified as a building official, building inspector and plans examiner, as well as in seven other code enforcement categories.

## International Code Council (ICC)

Steve Van Note  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
svannote@iccsafe.org

Steve Van Note is a member of the senior technical staff of the International Code Council (ICC) where, as part of the Product Development team, he is responsible for authoring technical resource materials in support of the International Codes. His role also includes the management, review and technical editing of publications authored by outside sources. Prior to joining ICC in 2006, Van Note was building official for Linn County, Iowa. He has 15 years experience in code administration and enforcement, and over 20 years experience in the construction field including project planning and management for residential, commercial and industrial buildings. A certified building official and plans examiner, Van Note also holds certifications in several inspection categories.

Jay Woodward  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office

Jay is a senior staff architect with ICC's Business and Product Development department and works out of the Lenexa, Kansas Distribution Center. His current responsibilities include serving as the Secretariat for the ICC A117.1 standard committee and the development of new ICC publications.

With more than 25 years of experience in building design, construction, code enforcement and instruction, Jay's experience provides him with the ability to communicate effectively on issues of code application and design for code enforcement personnel as well as architects and designers. Jay has previously served as the secretariat for ICC's Energy Conservation Code and the International Building Code's Fire Safety Code Development committee.
