John Chrysler started his career in the masonry industry in 1968 working for a single contractor until 1993 when he joined the Masonry Institute of America. Along the way, he achieved his degree in Civil Engineering from California State University, Long Beach (1992); Professional Engineer Registration (1995); and Structural Masonry Inspector Certification (1994). Mr. Chrysler currently serves as the Executive Director of the Masonry Institute of America. He has authored several masonry-related publications including several editions of the Reinforced Concrete Masonry Construction Inspectors Handbook, the Masonry Design Manual, Reinforced Grouted Brick Masonry and Reinforcing Steel in Masonry. Mr. Chrysler is currently President of The Masonry Society and chairs the Construction Requirements Subcommittee of the Masonry Standards Joint Committee.
